OUR TRUE BLUE DEMOCRATIC SLATE!

STACEY ABRAMS - GOVERNOR
Stacey Abrams has a vision for Georgia where equality fosters prosperity, and where everyone has the opportunity to succeed – not just survive. That is why she is running for Governor of our state. Stacey knows our beginnings do not have to dictate who we will become. She has a boundless belief in Georgians' capacity to prosper; and she has the courage, commitment to service, and experience to make this vision a reality. For more information visit www.staceyabrams.com.

SARAH RIGGS AMICO - LIEUTENANT GOVERNOR
Sarah Riggs Amico believes, "Politicians have no excuse for failing to deliver results. There's no excuse for second rate schools. There's no excuse for crime in our communities, for hospitals closing in rural areas or for government wasting our tax dollars. And there's no excuse not to invest in the people in your community. So yes, I'm running for Lieutenant Governor in order to fight for Georgia's working families." For more information visit www.sarahforgeorgia.com.

CHARLIE BAILEY - ATTORNEY GENERAL
Charlie is an eighth generation Georgian who grew up on his family’s cattle farm in Harris County in West Georgia. He is a public servant and prosecutor who is running for Attorney General to protect Georgia’s families from crime, corruption, and consumer fraud. For more information, visit www.charlieforgeorgia.com.

JOHN BARROW - SECRETARY OF STATE
“I think this office requires a certain amount of political balance, bipartisan diplomacy and tact, because you’re going to have to deal with folks on both sides of the political divide in this state and in this country," he said on what makes him particularly qualified for the job. CHUCK ENDERLIN - U.S. CONGRESS DIST. 3

"Nearly 20 years ago, I raised my right hand and swore an oath to support and defend the U.S. Constitution as a member of the military. Many representatives, however, have forgotten their own promise along with the most fundamental part of their job: that they serve those whom they represent. Our nation is at a crossroad. I can't sit back and watch self-interest tear our country apart. I'm running for Congress to be a voice for the people of west Georgia and to bring servant leadership back to Washington. Come join me and together let's build a brighter future." For more information, visit https://chuckenderlin.com/.

VALERIE HASKINS - GA SENATE DIST. 29

Valerie Haskins said her priority will be education, including providing and implementing fair and equitable education in a safe environment for all students. She also states in her platform that public schools are our investment for the future. The five key issues Haskins identifies as needing top priority in health care are supporting rural hospitals, addressing alcohol and drug addiction, providing affordable health insurance to all, Medicaid expansion and woman's health issues.
